THE CAPITAL CAMPAIGN : See bulletin insert.

Campaign Prayer: Loving God, you call us to be the living stones through which your pilgrim Church is enlivened and where your vision for the future is realized. May the parish families of our Diocese manifest the covenant of your love, and become a living Gospel for all people to hear, radiating the Presence of the Risen Christ in all our actions. Continue to transform us, through the working of your Holy Spirit, so that our Diocesan family can proclaim a future full of hope by lives marked with faith-filled prayer, outreach to our neighbor, and generous sharing. May Mary, our Patroness and Mother of the Church, unite her prayer to ours, and accompany us in love, guiding our steps in generous support of this capital campaign as our Church looks to our future with hope and joy. We ask this through Christ our Lord. Amen

POINTS TO PONDER: Of the 9.1 billion tons of plastic produced since the 1950's, a mere 9 percent of it has been recycled, with 79 percent becoming plastic waste in landfills, rivers, oceans and littering the landscape. Plastics in Earth's waterways are harmful to animals, and to us humans as well. The Pope has called us *A THROWAWAY SOCIETY*. We pollute our environment by the way we accumulate large amounts of garbage, dispose of waste from our factories, or empty pesticides from our farms into waterways etc. Greed can lead us to misguided construction practices and mining methods that pollute river systems, disrupt the ecology of the earth and deface the landscape. Leonardo da Vinci wrote that, "*Water is the driver of Nature*", and Benjamin Franklin said, "*When the well's dry, we know the worth of water.*"
